Search

Single tap for a fully random topic

Filter by catagory

Previous topic spins are stored in history

Each image comes with tags such as "Fruit" to make finding from a narrow topic easier

User Interface

Personalize background colours

Big button for a fully random topic

Search bar to find specific topics

Recommended Tags based on your previously drawn pictures

What You Get

Diffrent angles of the same object available

Different Light Levels

High Quality Photos

3D Models available for some common topics for maximum reference customization

Monetization

An ad plays after you hit the search button

Three free random rolls a day

Premium option for unlimited respins

3d models are available with the premium option

Outsourcing

Users can upload their own topics

Required to upload reference images in high quality

Topics and images go through quality control

The images are first tested to see if they are higher quality by the software

Sharing

Option to upload your art under a certain tag so others can see when they roll the topic

Option to upvote or downvote drawings that you like

Pictures with higher scores appear earlier when viewing a topic

Share button to share on social media

- Fully specific search available if needed

- Option to not include category

- User profile shows up when you hover over a name

- Filtering topics will pop up as a list of check boxes that can be checked or unchecked

- Easy and fun way to practice

- Basic art tutorials for free

- Practice in varied subjects makes you a better artist

- Unlimited respins with premium subscription

- $3.99 a month if you pay monthly

- $2.99 a month if you buy for 6 months

- Premium lets you use backgrounds that aren't just solid colours

- Advanced art tutorials for premium users

- A team will then view the topic and judge it based on criteria

- Topics that are accepted will result in the creator being compensated

- The creator will increase their compensation by uploading a 3d model that is accepted as well

- Trust and safety team to stop people from posting vulgar content

- Report button for posts that are in the wrong category or NSFW

- Minimal profile card for each user

- Profile includes total score, post history, and date joined

- Weekly art competitions that users can vote on
